Jennifer, we also need to find a date and time for the benthic FS meeting. I would prefer this meeting to take place the week of 9/27. However, early the week of October 4th is also a possibility. Can you check with John Toll and Carl Stivers (and any other key LWG personnel) as to their availability.

Thanks, Eric

Chip, Eric,

As discussed yesterday, the September 16th LWG - EPA meeting has been revised to a discussion of the directive comment responses and the process for the non-directive comments. The meeting will be held from 9 am until noon in EPA's conference room.

The BERA non-directive comments meeting, previously scheduled for September 16th, and the September 21st non-directive RI comments meeting need to be rescheduled. We will discuss dates for these meetings on September 16th.

Please let us know if you have any questions.

Thank you,
